

INTERNATIONAL ASSOCIATION OF **ONCOLOGY**

About

- ⊙ International Association of Oncology (IAO) is a professional association meant for research and development in the field Medical Oncology & Life Science.
- ⊙ IAO serves as an excellent international forum for Doctors, Researchers, and Academicians for best practices and latest advances in oncology.
- ⊙ IAO devoted to advance and promote information that identifies the main developments, challenges and opportunities by means of lectures, discussions, meetings and reports from time to time.
- ⊙ IAO committed to promote highest ethical and professional standards of Oncology & Research, encourage intellectual development and provide opportunities for networking and collaboration.
- ⊙ IAO connects you to a global community of eminent oncology professionals and clinical researchers and actively associated in managing several academic programmes.
- ⊙ IAO meets with its objectives through academic networking, meetings, conferences, projects, research publications, academic awards and scholarships. IAO enrich from its diverse group of advisory members

Our Services

IAO provides access to information to advance careers, skills, and innovations in oncology & research through scientific contributions that have propelled significant innovation and progress against cancer, fostering integrated multi-professional approach, best practices and supporting oncologist in their professional development.

International Conferences & Scientific Events

R&D Assistance - Technical advice to researchers & academicians with a vast network of international experts from cancer research and cancer-related sciences.

Membership (Institutional/Professional/Student)

Seminars/Guest Lectures

Publications in SCOPUS/SCI/ESCI/UGC/Web of Science Journals

International workshops to inspire young Oncologist and multi-disciplinary researchers across the globe

Establishing Chapters (Professional/Student)

Faculty Exchange Programme

Objectives of IAO

The major objective of IAO is to offer quality education and resources to the professionals from oncology & several sub-specialities and create awareness on the progress of various facets of cancer research.

- ✧ To collaborate with Medical Universities, Hospitals & Research Centres to identify researchers and innovators in oncology and related disciplines at grassroots level and to bring them at a global platform.
- ✧ To promote professional development opportunities and focused scientific initiatives that facilitate increased progress and enhanced cutting-edge contributions to oncology and research.
- ✧ To organize training programs and conferences with an aim to bring medical professionals, students and researchers under one umbrella so their ideas can be synergized and enable them to become future leaders of the profession.
- ✧ To promote leadership among members while abiding the highest professional and ethical standards.
- ✧ To establish, maintain and expand national & worldwide network of multi-disciplinary team of professionals from medical, surgical and radiation background

Our Vision

- Inspiring excellence through innovative training programs and strategic professional relationships.
- Advancing scientific knowledge across medical oncology & research, exciting progress on a wide variety of issues, practice-based and translational research with significant focus on collaborative partnerships.
- Capitalizing on our spirit to improve oncology research, practice, and education worldwide.

Our Mission

- To uphold our social responsibilities of delivering highest standard training, research and development to medical, surgical and radiation oncology & sub-specialities without compromising on our core values of integrity, good ethics and commitment.
- IAO strives to become an expert in organizing conferences, summits, seminars and workshops with resourceful and nonpareil speakers throughout the world.
- To promote and encourage oncological research with up-to-date topics and association by assuring high quality standards through excellence in technology based on world-class research and development.

SCOPES AND OPPORTUNITIES

Connecting with Experts and Scholars from Multi-Disciplinary Oncology professionals, Clinicians, Research scholars and Postdocs

Organizes international conferences, training programmes, seminars, symposia and workshops, updates on latest technology on various facets of Oncology & Research

Global platform to convey recent developments with the goal of pursuing research towards leading resource in clinical oncology, research and academic practice

Access to senior-level executives and tremendous networking opportunities to meet leading international Oncologist across disciplines

Platform to engage in exciting event format and multiple conference tracks. Share experiences, insights and strategies in interactive peer to peer round tables

Offers unique resources for innovation and advancement in oncology and includes a broad variety of fellowship opportunities, scientific meetings, publications and resources

Provide access to the latest national and international updates in a crisp and a defined format in Oncology & Research

Serve as an Information Transfer platform and Oncology Education of vastly updated, relevant material to a broad audience

Publication of research work that contributes significantly to further the scientific knowledge in Medical, Surgical & Radiation Oncology in SCI/ESCI/SCOPUS/WoS/UGC/Google Scholar Indexed Journals

Awards for best paper and poster presentations

INDO ONCOLOGY SUMMIT

Indo Oncology Summit is an integral part of IAO. The Summit has continued its effort to bring research and clinical practice together to enable and exchange innovative concepts and covers topics such as clinical trials, Molecular Oncology, Neuro Oncology, Nuclear Medicine, Bone & Soft Tissue Carcinoma, Gastric Cancer, Lung, Head & Neck Cancer, Ovarian Cancer and Onco-Nursing. The summit put into context the most significant research and treatment advances in all varieties of cancer. This summit benefits organizations that specialize in oncology care services and pathway development.

The scientific program will feature live workshops, interactive education sessions, round-table discussions apart from the conventional plenary sessions, featured symposia, breakout sessions and oral presentation, poster presentation sessions for abstracts and challenging cases.

MEMBERSHIP

IAO is one of the largest associations with more than 12,883+ members including clinicians, academic researchers, medical & surgical oncologist, research scholars, clinicians interested in advancing the profession. It serves as an excellent resource with the latest happenings and breakthroughs committed to the improvement of research on prevention, diagnosis, treatment and supportive care through seminars, conferences, workshops and publications.

MEMBERSHIP BENEFITS

- ❖ IAO membership connects you to a multidisciplinary global network of thousands of students, post docs, and oncology specialties from around the world.
- ❖ Can be a Keynote Speaker, Session Chair / Chairperson & Organizing Committee member of the Conference organized by IAO.
- ❖ Can be an Editorial Board member, Reviewer, Advisory Committee member of IAO to maintain the quality control of research.
- ❖ Can be a Visiting Professor to the Universities collaborated by IAO and receive the designations such as Honorary Fellow of IAO, Fellow of IAO, etc.
- ❖ Discounts on registration fees for the Conferences & events organized by IAO.
- ❖ Can publish your research and investigation results in SCI/ESCI/SCOPUS Indexed Journals or present them at IAO Meetings.
- ❖ Recognition opportunities and Awards for the best research paper and best poster presentation

MEMBERSHIP FEE

Membership Fee	India Membership Fee (INR)	Abroad Membership Fee (USD)
Student	INR 799	USD 13
Professional	INR 999	USD 18
Lifetime Member	INR 9999	USD 199

JOURNALS AND PUBLICATIONS

- ⊕ IAO Publish research articles in the prominent open access Journals that promote and globalize innovation of researchers by publishing within the chronicles, journals and transactions of worldwide periodicals.
- ⊕ IAO publications have shown marked growth in terms of global outreach, impact factors, downloads, citations, quick decision rates by the peer reviewers, number of submissions and stringent acceptance rates.

Publications in globally distributed high impact factor reputed International Journals

- ⊕ SCOPUS Indexed Journals
- ⊕ Web of Science (SCI/SCIE/ESCI)
- ⊕ UGC Care
- ⊕ Google Scholar Indexed
